

Dear Parent, Carer,

We hope you and your families had a restful Easter break.

We are excited for some of the positive developments that will be happening at Trinity Academy Bradford over the coming weeks, months and years, and are enthusiastic to share those with you.

We have listened to the feedback that parents and carers would like more communication from us, and with that in mind, we're increasing our use of social media to communicate with everyone who is interested in the progress happening here. Email and text communication will remain our primary means of sharing important information with parents and carers, but you can also now follow what is happening at the academy through Twitter, Facebook and Instagram.

See below for links where you can follow us on each different platform, or perhaps just the one that you use most regularly.

www.instagram.com/trinityacadbrad/

We will also be creating a regular newsletter with updates from all areas of Academy life. We'll always share this via email with parents and carers, but also post it out on all the above platforms. See below for our latest edition.

Finally, Trinity Academy Bradford recognise all of the recent changes at the school will have raised questions for all involved. You can be assured we are working to become an outstanding institution where no limits are placed on what young people can achieve. Your trust in us educating your children to the highest standard means everything. We have pulled together a short video to showcase what the new Trinity Academy Bradford has to offer. Ultimately, our aim is to provide opportunities and overcome barriers in order to change lives. Take a look for yourself!
