Roles and responsibilities

This section of our Centre Policy outlines the personnel in our centre who have specific roles and responsibilities in the process of determining teacher assessed grades this year.

Roles and Responsibilities

This section gives details of the roles and responsibilities within our centre:

Head of Centre

- Our Head of Centre, Tom Taylor, will be responsible for approving our policy for determining teacher assessed grades.
- Our Head of Centre has overall responsibility for Trinity Academy Bradford as an examinations centre and will ensure that clear roles and responsibilities of all staff are defined.
- Our Head of Centre will confirm that teacher assessed grade decisions represent the academic judgement made by teachers and that the checks in place ensure these align with the guidance on standards provided by awarding organisations.
- Our Head of Centre will ensure a robust internal quality assurance process has been produced and signed-off in advance of results being submitted.

Senior Leadership Team and Heads of Department

Our Senior Leadership Team and Heads of Department will:

- provide training and support to our other staff.
- support the Head of Centre in the quality assurance of the final teacher assessed grades.
- ensure an effective approach within and across departments and authenticating the preliminary outcome from subjects which are small departments.
- be responsible for ensuring staff have a clear understanding of the internal and external quality assurance processes and their role within it.
- ensure that all teachers within their department make consistent judgements about student evidence in deriving a grade.
- ensure all staff conduct assessments under the appropriate levels of control with reference to guidance provided by the Joint Council for Qualifications.
- ensure teachers have the information required to make accurate and fair judgments.
- ensure that a Head of Department Checklist is completed for each qualification that they are submitting.
- produce an Assessment Record for each subject cohort, that includes the nature of the assessment evidence being used, the level of control for assessments considered, and any other evidence that explains the determination of the final teacher assessed grades. Any necessary variations for individual students will also be recorded.

Teachers and the SENDCO

Our teachers and SENDCO will:

- ensure they conduct assessments under our centre's appropriate levels of control and have sufficient evidence, in line with this Centre Policy and guidance from the Joint

Council for Qualifications, to provide teacher assessed grades for each student they have entered for a qualification.

- ensure that the teacher assessed grade they assign to each student is a fair, valid and reliable reflection of the assessed evidence available for each student.
- make judgements based on what each student has been taught and what they have been assessed on, as outlined in the section on grading in the main JCQ guidance.
- securely store and be able to retrieve sufficient evidence to justify their decisions.
- ensure students have appropriate access arrangements when completing assessments.
- complete a student level record of assessment evidence used to formulate the teacher assessed grade.

Examinations Officer

Our Examinations Officer will:

- be responsible for the administration of our final teacher assessed grades and for managing the post-results services.
- liaise with teachers and the SENDCO to ensure access arrangements are in place where required.

Training, support and guidance

This section of our Centre Policy outlines the training, support and guidance that our centre will provide to those determining teacher assessed grades this year.

Training

This section provides details of the approach our centre will take to *training, support and guidance in determining teacher assessed grades this year*

- Tom Taylor (Acting Principal), Nic Underhill (Associate Senior Leader) and Graham Waters (Assistant Principal) will provide support and training to Heads of Department based on guidance from JCQ and exam boards on the creation of assessment materials, the delivery of assessment materials and overall moderation guidance.
- Heads of Departments will have regular meetings including CPD/training sessions for marking and moderation of assessments.
- Teachers involved in determining grades in our centre will attend any centre-based training to help achieve consistency and fairness to all students.
- The centre will engage fully with all support that has been provided by the Joint Council for Qualifications and the awarding organisations.

Support for Newly Qualified Teachers and teachers less familiar with assessment

This section provides details of our approach to training, support and guidance for newly qualified teachers and teachers less familiar with assessment

- We will provide mentoring from experienced teachers to NQTs, RQT's and teachers less familiar with assessment.
- We will put in place additional internal reviews and moderation of teacher assessed grades for NQTs and other teachers as appropriate.

Use of appropriate evidence

This section of our Centre Policy indicates how our centre will give due regard to the section in the JCQ guidance entitled: *Guidance on grading for teachers*.

A. Use of evidence and assessment materials

This section gives details in relation to our use of evidence and assessment materials.

- We are using a series of assessments scheduled between 19th April and 7th June based on past exam papers, sample papers, materials provided by awarding organisations and centre devised tasks which reflect the GCSE specifications.
- We will combine and/or remove elements of questions where, for example, a multi-part question includes a part which focuses on an element of the specification that hasn't been taught.
- Assessments are unseen and take place in exam conditions within the classroom environment and one in the hall.
- We will also use mock exams taken over the course of study.
- Teachers making judgements will have regard to the Ofqual Head of Centre guidance on recommended evidence, and further guidance provided by awarding organisations.
- All assessment evidence, plans and delivery of material will be approved by Tom Taylor (Acting Principal), Nic Underhill (Associate Senior Leader) and Graham Waters (Assistant Principal) through meetings with Heads of Department.
- Further evidence will be drawn from:
 - student work produced in centre-devised tasks that reflect the specification, that follow the same format as awarding organisation materials, and have been marked in a way that reflects awarding organisation mark schemes.
 - substantial class or homework (including work that took place during remote learning).
- All candidate evidence used to determine teacher assessed grades, and associated documentation, will be retained and made available for the purposes of external quality assurance and appeals.
- We will use additional assessment materials to give students the opportunity to show what they know, understand or can do in an area of content where they missed the assessment.
- We will use additional assessment materials to give students an opportunity to show improvement, for example, to validate or replace an existing piece of evidence.

Our centre will ensure the appropriateness of evidence and balance of evidence in arriving at grades in the following ways:

- Assessments and mock exams produced under high control will be given significant weighting where possible to ensure it is the student's own work.
- Assessment/ mock exam cover sheets on the front of each assessment set out expectations for assessment conditions.
- We will consider the level of control under which additional evidence was completed, for example, whether the evidence was produced under high control and under supervision or at home.
- We will ensure that we are able to authenticate the work as the student's own, especially where that work was not completed within the school. Parents are asked to authenticate students' work and sign a declaration for any assessments completed at home during self-isolation.
- We will consider the specification and assessment objective coverage of each assessment.
- We will consider the depth and breadth of knowledge, understanding and skills assessed, especially higher order skills within individual assessments.

Determining teacher assessed grades

This section of our Centre Policy outlines the approach our centre will take to awarding teacher assessed grades.

Awarding teacher assessed grades based on evidence

We give details here of our centre's approach to awarding teacher assessed grades.

- Our teachers will determine grades based on evidence which is commensurate with the standard at which a student is performing, i.e. their demonstrated knowledge, understanding and skills across the content of the course they have been taught.
- All evidence will be gathered using a number of different assessment pieces allowing us to have an evidence base across the breadth of the curriculum to ensure the accuracy of teacher assessed grades.
- Our teachers will record how the evidence was used to arrive at a fair and objective grade, which is free from bias.
- All assessments will be unseen in advance by students.
- Heads of Department will produce an Assessment Record for each subject cohort which will be centrally recorded and will share this with their Senior Leadership Group links. Any necessary variations for individual students will also be shared, documented and discussed with the Senior Leadership Group.

Internal quality assurance

This section of our Centre Policy outlines the approach our centre will take to ensure internal standardisation of teacher assessed grades, to ensure consistency, fairness and objectivity of decisions.

Head of Centre Internal Quality Assurance and Declaration

Internal quality assurance

This section gives details of our approach to internal standardisation, within and across subject departments.

- We will ensure that all teachers involved in deriving teacher assessed grades read and understand this Centre Policy document.
- We will ensure that our centre carries out an internal standardisation process.
- We will ensure that all teachers are provided with training and support to ensure they take a consistent approach to:
 - Arriving at teacher assessed grades
 - Using the same evidence base within each subject wherever possible
 - Marking of evidence
 - Reaching a holistic grading decision
 - Applying the use of grading support and documentation
- We will ensure robust moderation processes are in place for the marking of all assessments in the final assessment window between March and June 2021.
- We will conduct internal standardisation across all grades.
- We will ensure that the Assessment Record will form the basis of internal standardisation and discussions across teachers to agree the awarding of teacher assessed grades.
- Where necessary, we will review and reflect on individual grading decisions to ensure alignment with the standards as outlined by our awarding organisations.
- Where appropriate, we will amend individual grade decisions to ensure alignment with the standards as outlined by our awarding organisations.
- Where there is only a small department involved in marking assessments and determining grades, then the output of this activity will be reviewed by their Senior Leadership Group link for the subject.
- In respect of equality legislation, we will consider the range of evidence for students of different protected characteristics that are included in our internal standardisation and refer back to the access arrangements (if appropriate).

Comparison of teacher assessed grades to results for previous cohorts

This section of our Centre Policy outlines the approach we will take to compare our teacher assessed grades in 2021 with results from previous cohorts.

Comparison of Teacher Assessed Grades to results for previous cohorts

This section gives details of our internal process to ensure a comparison of teacher assessed grades at qualification level to results for previous cohorts in our centre taking the same qualification.

- We will compile information on the grades awarded to our students in past June series in which exams took place (2017 - 2019).
- We will consider the size of our cohort from year to year.
- We will consider the stability of our centre's overall grade outcomes from year to year.
- We will consider both subject and centre level variation in our outcomes during the internal quality assurance process.
- We will prepare a succinct narrative on the outcomes of the review against historic data which, in the event of significant divergence from the qualifications-levels profiles attained in previous examined years, which address the reasons for this divergence. This commentary will be available for subsequent review during the QA process. This will be completed on a subject by subject basis, as well as a whole school summary (if appropriate).

This section gives details of the approach our centre will follow if our initial teacher assessed grades for a qualification are viewed as overly lenient or harsh compared to results in previous years.

- We will compile historical data giving appropriate regard to potential mixtures of A*-G and 9-1 grades in GCSEs. Where required, we will use the Ofqual guidance to convert legacy grades into the new 9 to 1 scale, although we will put the majority of the weighting on the results with current 9-1 grades due to the changes in the course specifications from previous years.
- We will bring together other data sources that will help to quality assure the grades we intend to award in 2021, especially in terms of cohort and subject demographics and the significant groups within them.

This section gives details of changes in our cohorts that need to be reflected in our comparisons.

- We will omit subjects that we no longer offer from the historical data.
- Data will be analysed on a subject-by-subject basis before looking holistically at the school.

Access Arrangements and Special Considerations

This section of our Centre Policy outlines the approach our centre will take to provide students with appropriate access arrangements and take into account mitigating circumstances in particular instances.

Reasonable adjustments and mitigating circumstances (special consideration)

This section gives details of our approach to access arrangements and mitigating circumstances (special consideration).

- Where students have agreed access arrangements or reasonable adjustments (for example a reader or scribe) we will make every effort to ensure that these arrangements are in place when assessments are being taken.
- Where an assessment has taken place without an agreed reasonable adjustment or access arrangement, we will remove that assessment from the basket of evidence and alternative evidence obtained. Through careful planning of assessment in advance, this should not happen or be required.
- Where illness or other personal circumstances might have affected performance in assessments used in determining a student's standard of performance, we will take account of this when making judgements. We will then look at alternative sources where appropriate.
- We will record, as part of the Assessment Record, how we have incorporated any necessary variations to take account of the impact of illness or personal circumstances on the performance of individual students in assessments. Where this affects students across a number of subjects, this will be centrally recorded and made available to staff so they are fully aware of the circumstances when giving a teacher assessed grade.
- To ensure consistency in the application of Special Consideration, we will ensure all teachers have read and understood the document: [JCQ – A guide to the special consideration process, with effect from 1 September 2020](#)

Addressing disruption/differential lost learning (DLL)

B. Addressing Disruption/Differentiated Lost Learning (DLL)

This section gives details of our approach to address disruption or differentiated lost teaching.

- Teacher assessed grades will be determined based on evidence of the content that has been taught and assessed for each student.
- We will ensure the assessments will be based on a broad amount of content from each course and will fully assess a student's current ability.
- In case of further disruption a number of assessments will be used over a long period of time to ensure students have as much opportunity as possible to complete as many assessments as possible.

Objectivity

This section of our Centre Policy outlines the arrangements in place to ensure objectivity of decisions.

Objectivity

This section gives a summary of the arrangements in place within our centre in relation to objectivity.

Staff will fulfil their duties and responsibilities in relation to relevant equality and disability legislation.

Senior Leaders, Curriculum Leaders and Head of Centre will consider:

- sources of unfairness and bias (situations/contexts, difficulty, presentation and format, language, conditions for assessment, marker preconceptions);
- how to minimise bias in questions and marking and hidden forms of bias; and
- bias in teacher assessed grades.

To ensure objectivity, all staff involved in determining teacher assessed grades will be made aware that:

- unconscious bias can skew judgements;
- the evidence presented should be valued for its own merit as an indication of performance and attainment;
- teacher assessed grades should not be influenced by candidates' positive or challenging personal circumstances, character, behaviour, appearance, socio-economic background, or protected characteristics;
- unconscious bias is more likely to occur when quick opinions are formed.

Our internal standardisation process will help to ensure that there are different perspectives to the quality assurance process. This process will be quality assured by Senior Leaders and Curriculum Leaders.

Recording decisions and retention of evidence and data

This section of our Centre Policy outlines our arrangements to recording decisions and to retaining evidence and data.

C. Recording Decisions and Retention of Evidence and Data

This section outlines our approach to recording decisions and retaining evidence and data.

- We will ensure that teachers and Curriculum Leaders maintain records that show how the teacher assessed grades process operated, including the rationale for decisions in relation to the application of exam board mark schemes and the rationale for final assessed grades.
- We will ensure that evidence is maintained across a variety of tasks to develop a holistic view of each student's demonstrated knowledge, understanding and skills in the areas of content taught.
- We will put in place recording requirements for the various stages of the process to ensure the accurate and secure retention of the evidence used to make decisions.
- We will comply with our obligations regarding data protection legislation.
- We will ensure that the grades accurately reflect the evidence submitted.
- We will ensure that evidence is retained electronically or on paper in a secure centre-based system that can be readily shared with our awarding organisations.

Authenticating evidence

D. Authenticating evidence

This section of our Centre Policy details the mechanisms in place to ensure that teachers are confident in the authenticity of evidence, and the process for dealing with cases where evidence is not thought to be authentic.

- Robust mechanisms, which will include signed portfolio cover sheets, set assessment times, quality assurance and SLG presence in assessments, keeping assessments in a secure place until the assessment day will all be in place to ensure that teachers are confident that work used as evidence is the students' own and that no inappropriate levels of support have been given to students to complete it, either within the centre or with external tutors.
- It is understood that awarding organisations will investigate instances where it appears evidence is not authentic. We will follow all guidance provided by awarding organisations to support these determinations of authenticity.

Confidentiality, malpractice and conflicts of interest

Confidentiality

This section of our Centre Policy outlines the measures in place to ensure the confidentiality of the grades our centre determines, and to make students aware of the range of evidence on which those grades will be based.

Conflicts of Interest

This section of our Centre Policy outlines the measures in place to address potential conflicts of interest.

C. Conflicts of Interest

This section details our approach to addressing conflicts of interest, and how we will respond to such allegations.

- To protect the integrity of assessments, all staff involved in the determination of grades must declare any conflict of interest such as relationships with students to our Head of Centre for further consideration.
- Our Head of Centre will take appropriate action to manage any conflicts of interest arising with centre staff in accordance with the JCQ documents - [General Regulations for Approved Centres, 1 September 2020 to 31 August 2021](#).
- We will also carefully consider if there is a need to separate duties and personnel to ensure fairness in later process reviews and appeals.

Private candidates

This section of our Centre Policy outlines our approach to working with Private Candidates to arrive at appropriate grades.

A. Private Candidates

This section details our approach to providing and quality assuring grades to Private Candidates.

- We will not be accepting any requests for private candidates this year.
