

everyday is
**EARTH
DAY**

Term 1

- Environmental audit conducted and areas identified for improvement.
- The committee attended and presented its three poems at the first Earthshot conference in Halifax.

Term 2

- Recycling bins are placed in every staff room around the school. Teachers and staff are encouraged to recycle paper, cardboard, plastic and aluminum.
- Travel to school survey conducted by every tutor group in the school.

Term 3

- The Trinity Light Rules are created. These rules encourage students and staff to consider how they use energy and reduce the school's Carbon emissions.
- Research conducted into the possibility of recycling food waste from the canteen.

Term 4

- The Earthshot absolutes are created to encourage students and staff to act in a more environmentally friendly manner.
- Litter picking begins with the 'Friends of Russell Hall Park'.

Term 5

- A wildlife camera is placed in the school grounds to monitor the amount of biodiversity around school.
- Assemblies conducted to Years 7-10 regarding an update from Earthshot.

Term 6

- The committee continues to work towards Green Flag accreditation.
- Food waste is collected from the school site and is recycling into compost.
- Planters painted and grounds cleared in Russell Hall Park.
