

PHASE LEADER UPDATE

Termly update:

This term our Phase One students continue to work towards their Graduation Criteria. Our Professional Standard focus this term has been **dedication**. Students have had assemblies to remind them about the importance of dedicating themselves to their co – curricular club every week. To support students with this, we have launched our weekly club league. Across the Phase, attendance to clubs is recorded in their tutor groups and students are updated during Monday's tutor session. There will be prizes for the winning tutor group!

BBC Bitesize

Year 7 and 8 both had the opportunity to attend the BBC Bitesize roadshow on 16 January. This was an interactive event that is visiting over 110,000 students this year and introducing them to a range of careers available in TV and the BBC. Students listened to different panellists about their careers, their life at school and how they got into their chosen career. Students were then able to ask a range of questions to help support them in making important decisions in the future.

Earthshot update

Our Earthshot Committee has recently produced an Eco – Code to help support our school in becoming more environmentally friendly.

E - Every hand helps

A - At Earthshot we want to

R - Recycle and dispose sustainably

T - Try to provide sustainable meals

H - Highlight our habitats around school

S - Sustain a clean and tidy community

H - Hope for a greener, cleaner and kinder world

O - Only we can save the planet

T - Together at Trinity Academy Bradford

Co – Curricular Shout Outs!

Term 3 has seen more of our students get involved in co – curricular activities. Some of our students took part last week in the Trinity MAT Games. An event which allows for students from across our Trust to compete against one another in different sports.

Each newsletter, I would like to include shout outs from our staff members that run our clubs.

Isaac T (Year 8) Crochet Club

Isaac has dedicated himself to his crochet club. Learning new skills and impressing Miss Housden with his work.

George A (Year 7) Investigating History Club

George has impressed Mr Farrar in Investigating History club by asking lots of brilliant questions and dedicating himself to learning about different events of the past. Well done George.

Canteen Price Update

Please note that from 24 February, there will be a small increase in the cost of some items within the canteen including a set meal due to rising food prices. A set meal can be purchased from £2.80 for a main and drink/dessert.

Careers:

It's National Apprenticeship Week 10-16 February. Apprenticeships offer the opportunity to combine study with paid employment resulting in a professional qualification, work experience and the opportunity to gain valuable transferrable skills. Apprenticeships used to be associated with trade industries (such as electricians, mechanics or plumbers). They can be started after GCSEs, A levels or T Levels. Nowadays, apprenticeships can be taken in a wide range of industry sectors and provide entry to all types of careers, including accounting, banking, IT, law, management and television. Don't dismiss them as a second-rate option - they could be a first class choice. Download The Parent's Guide free guide: <https://ow.ly/QsQy50Qq0LI>

Upcoming events:

Outward Bound – 24 – 28 February 2025
Graduation Reflection – Week 2 of the new term
Masters of Recall Quiz – W/C 24 March
